FEW TIPS FOR SCORING GOOD MARKS

1. Take your seat at least twenty minutes before the commencement of examination. 15 minutes extra time will be provided for reading the question paper. Hence Question Paper will be distributed at 8.45 A.M.
2. Be cool and compose yourself for a long inning. Check your pen, pencil, etc.,
3. Read the question paper thoroughly. Mark the sequence of questions, which you will be attempting first, second, third, and so on.
4. Write your answers very neatly and legibly. It should be very clear. Framing of sentence should be taken care of.
5. All diagrams/figures/circuits/etc. should be drawn in pencil with proper labeling.
6. All sub-parts of a question should be attempted at one place, not here and there. Do not repeat the answers. You may lose marks for it.
7. Avoid going outside for drinking water or toilet. It will save **YOUR TIME**.
8. Stitch all your graph papers, maps, supplementary sheets, etc., properly, writing clearly the question number on it. Mark Page No. on every page.
9. Extract at least ten minutes time for revision of your answers. It will help you for locating your slip of pen.
10. Last but not least, have faith in your ability. Do your work sincerely, success will follow automatically.
