No.F.150350-1/2011-1172/(Bridge Crs.)/

Dated : 29.03.2011

Sub: Special Classes for Class XI

Dear Parent,

I am to inform you that vide KVS, Regional Office, Bhubaneswar letter No. No.F.150350-1/2011-KVS(BBSR)/Ad.Gen.(Bridge Crs.)/Dated : 29.03.2011, KVS will be conducting Special Classes (Bridge Course) for the students of Class-XI (presently Class-X appearing candidates). The original letter of Dy. Commissioner (Acad.), KVS, New Delhi {vide letter No. 0F.110350-3/2011/KVSHQ(Acad.), dated 28.01.2011} on the above subject is reproduced below for your kind information.

“As you are aware, the session ending and board examinations (2010-2011) are over or about to be over, the new session will commence on 1st April 2011 and the students will be attending their new classes. However, the students of Class X will have to make a long wait to enter class XI since the results of class X will be announced sometimes in May, 2011. It has been observed that since the gap of difficulty levels in class X and XI in almost all the subjects is quite huge, there is a need to take measures so as to enable the students to be more comfortable at the entry level in class XI.

*As one measure, KVS has decided to conduct special courses for classes X (2010-11) students from **11th April, 2011**. The following points are to be noted while organizing the bridge courses:*

- 1) The special classes will be conducted subject wise and not stream wise.*
- 2) Students will be free to choose 5 subjects from the list of subjects offered at +2 level in the particular KV.*
- 3) Class XI time table will be followed and as far as possible block periods may be arranged.*
- 4) The emphasis will be on the basic fundamentals required to grasp the class XI curriculum.*
- 5) Interactive way of teaching, use of ICT, session on doubts, clarifications, group experimentation and discussion etc. should be some of the salient features of the bridge course programme. The teachers should try to see the aptitude of the students and guide them in such a way as to make them more capable and informed to make a conscious decision while choosing the stream at the time of enrolment in class XI.*

.....2/-

- 6) *The conduct of special classes is only an attempt to enable the students and teachers to take the challenges of class XI curriculum in a better way. Hence it should be made quite clear that attending such classes is in no way linked with the admission in class XI. Admission in class XI will be done only as per the KVS admission guidelines and only after the CBSE Board results are out and attending such classes will not guarantee admission in class XI. The Principal may take an undertaking from all the parents well in advance.*

You are, therefore, requested to send your ward to the Vidyalaya for the said Bridge Course for Class-XI.

Please feel free to contact the undersigned regarding any query in the matter.

Yours faithfully,

(SANJIB SINHA)
Principal
